

IMPORTANT INFORMATION ON PAYMENT OF TAXES

1. Full year taxes and first semi-annual installments are due on July 1 and may be paid without interest on or before September 30. The following discounts will be allowed on County taxes for the taxable year commencing July 1, 2023: 1% on full year tax payments made on or before July 31; 0.5% on full year tax payments made on or before August 31. **Semi-annual payments are not eligible for the discount.** Second semi-annual installments are due on December 1 and may be paid without interest on or before December 31 (payment coupon is attached; no additional notice will be sent). A service charge is payable with the second installment unless both installments are paid by September 30.
2. Failure to receive a bill is no excuse for not paying taxes, interest, or penalty. Bills are mailed in July each year (January for half year levy). Unpaid full year taxes and first semi-annual installments are delinquent beginning October 1 and second semi-annual installments are delinquent beginning January 1 – interest and penalties apply. It is the responsibility of the taxpayer to request a duplicate if for any reason the original bill was not received. **Bill must accompany payment.** Payment of interest and penalty will not be waived for any reason. **Payment date will not be extended for any reason.** No partial payments accepted. Bill must be paid according to payment schedule.
3. Payment of current taxes will not prevent legal action if taxes are unpaid for prior years. Pending assessment appeals and tax credits do not affect due date, including applicable interest and penalty.
4. If you have a mortgage with an escrow, please forward payment coupons to your mortgage company and retain the top portion.
5. A fee of \$35.00 will be charged for each check returned, and will have to be replaced by **cash, certified check, or money order.** The County may re-present returned checks electronically.
6. **Tax Sale Proceedings start April 1, 2024.** Payment of taxes beginning May 1, 2024, must be made by cash, certified check, or money order. Additional fees will apply beginning May 1. **The Tax Sale will be held on June 28, 2024.**

CONSTANT YIELD TAX RATE: In the last taxable year Carroll County's real property tax rate was \$1.018 per \$100 of assessment, and the certified assessment of the net assessable real property was \$21,926,121,155. The assessment multiplied by the rate produced real property tax revenues of \$223,207,913. For this taxable year the certified assessment of the net assessable real property is \$22,791,703,937. To produce the same real property tax revenues as last year the real property tax rate would be \$0.9793. This rate is called the constant yield tax rate. For this taxable year the actual real property tax rate is \$1.018 per \$100 of assessment, which is different from the constant yield tax rate. The rate is \$0.0387 more than the constant yield tax rate and will produce in real property tax revenues \$8,811,633 more than would be produced by the constant yield tax rate.
