

Double Pipe Creek

Old Fridinger Mill Road, Westminster

The Double Pipe Creek watershed is located in north-western Carroll County, bordered by Frederick County, Maryland. Double Pipe Creek watershed drains into the Monocacy River which is part of the Potomac River watershed.

Initially, Resource Management staff met with interested landowners and determined the potential planting areas, native plant species, and the landowner's ultimate vision for his/her property. This planting, completed in May 2015, resulted in the reforestation of **2.25 acres** of private property and **900 linear feet** of vegetated streamside. A grant from the Department of Natural Resources funded 100% of the total cost of this planting.
