

Willow Pond Tree Planting on land owned by the City of Westminster

- \$31,000 in grant funding for this project
- Providing for a reduction of pollutant loads, stabilization, and improved habitat
- 720 trees were planted as a forest buffer on 3.61 acres in 2022
- Based on FieldDoc, the project will remove 90.75 lbs/yr of Total Nitrogen, 2.63 lbs/yr of Total Phosphorus, and 6.47 tons/yr Total Suspended Solids
- Liberty Reservoir Watershed
- Located on the site of the Willow Pond Retrofit and Stream Restoration project funded by Chesapeake & Coastal Service
