Description

The funding in this budget is for the principal and interest the County pays on long-term debt. The County uses an analysis of the debt affordability to determine an appropriate level of debt to prevent revenue from being burdened by an unmanageable debt service payment as well as to protect the County's bond rating.

The County is reviewed annually by the three rating agencies and in FY 16 received the following ratings:

- Fitch AAA
- Standard & Poor's AAA
- Moody's Aa1

The Standard & Poor rating was increased from AA+ to AAA in FY 14.

Due to its strong credit rating, the County was able to issue \$20,750,000 in new bonds in FY 17. The issue consists of \$14,000,000 in new debt and \$6,750,000 in refunded debt. The issue has a 20-year repayment schedule at 2.53%. In FY 18, it is anticipated that \$23 million in new bonds will be issued.

The primary uses of bonding are road construction, stormwater management, and school projects.

Description

The funding in this budget is for debt service the County pays on Installment Purchase Agreements (IPA) for the Agricultural Land Preservation Program. The budget is determined by a combination of known debt service and estimated IPA's for the upcoming fiscal year. Typically, a land owner is offered 40% of Fair Market Value for the agricultural easement and the County pays 5.0% annual interest for 20 years on the easement value.

Budget Changes

Agricultural Land Preservation Debt Service increases due to a greater number of Installment Purchase Agreement easement transactions planned in FY 18.

Description

The County provides a number of revenues to Carroll County municipalities. The Bank Shares Tax, Road Grant, and State Aid for Fire Protection are all pass-through revenues from the State. The County provides liquor and building permit services and sends the collections to municipalities. The County also shares County revenue with the municipalities through the Town Program funding. Brief descriptions of these revenues follow:

- Bank Shares Tax-
This revenue replaced the municipal share of a discontinued State tax.
- Local Permits-
As a service to the towns, the County collects fees for permits issued inside town boundaries.
- Local Liquor License-
As a service to the towns, the County collects liquor license fees inside town boundaries.
- Road Grant-
The State allocates funds to the County to replace Federal road funding. The municipalities receive 20% of the total allocation and individual town distributions are based on road mileage within their jurisdiction.
- State Aid for Fire Protection-
State funds received by the County are passed on to the Volunteer Emergency Services Association. The County receives quarterly payments and distributes these funds at the end of the fiscal year.
- Town Program-
The County shares a portion of its revenue with the municipalities. The amount is adjusted based on changes in municipal assessable bases and populations. Assessable base and population determine individual town distributions.

Budget Changes

- The Town Program formula is driven by inflation and population. The budget increases due to a 1.1% inflation rate and increase in town population.
- Operating includes \$15,000 in one-time funding for Union Bridge Main Street pavement management.

Description

The Reserve for Contingencies provides funds for emergency and unforeseeable expenses. It is difficult to determine how much will actually be needed in a given year. Examples of expenses that could be covered by the reserve are:

- Snow removal costs in excess of the Storm Emergencies budget
- Newly mandated Federal or State programs
- Unforeseen disruptions to critical County facilities and systems.

Funds are moved from the Reserve to the appropriate budget with the approval of the Board of County Commissioners in response to a specific problem or opportunity.

Budget Changes

The Reserve for Contingencies is generally set at 1% of General Fund revenues.
