Mission and Goals

To secure an independent certified public accounting firm to perform an independent annual audit of the County's financial records in order to assure the records are in accordance with the Generally Accepted Accounting Principles (GAAP).

Goals include:

- Obtain the annual audit at the lowest possible cost while simultaneously guaranteeing the audit is independent and conforms to all auditing standards required for governmental audits
- Fairly and clearly present full financial disclosure to anyone interested in the County's finances

Description

The independent audit is performed on an annual basis to provide reasonable assurance that the financial statements of Carroll County for the prior fiscal year are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

This budget is for the general fund portion of the annual audit itself, and it includes a single audit of Federal awards. State law (Maryland Code Article 19, Section 40) requires that all local governments have an annual audit of financial records performed by a certified public accountant.

The county personnel who assist the external auditors in administering the Independent Post Audit are included in the Comptroller Administration Budget.

The County's audited financial statements are presented online as part of the Comprehensive Annual Financial Report (CAFR) available at <http://ccgovernments.carr.org/ccg/comp/14-cafr/>
