

Double Pipe Creek Residential Planting Ebert Road, Union Bridge

This planting on private property in the Double Pipe Creek watershed was completed in Fall 2023 as part of a larger tree planting effort. The benefits of tree plantings include providing for a reduction of pollutant loads, stabilization, and improved habitat.

Resource Management staff met with interested landowners and determined the potential planting areas, native plant species, and the landowner's ultimate vision for his/her property. This planting, resulted in the reforestation of **1.99 acres** with **398** trees planted.
