

General Order

Department of Fire & EMS

G.O. #: 12-2-23

Subject: Response Profile- “Unconscious subject”

Date: December 15, 2023

Authority: Chief, Michael W. Robinson/*MWR*

Effective at 0800 on Monday, December 18, 2023:

The DFEMS will implement a standard response for all calls that are processed via 911/EMD and classified per EMD criteria as “unconscious subjects.” The response will require an ALS Transport Unit (Medic) an ALS chase car and an appropriate fire unit (minimal staffing of 2) to meet the response deployment criteria. Our goal with this response is to assure consistency throughout the county and to provide a level of care commensurate to the chief complaint.

An appropriate SOP is being developed and will be reviewed/approved through our normal process. Please direct any questions to Chief Robinson.
